
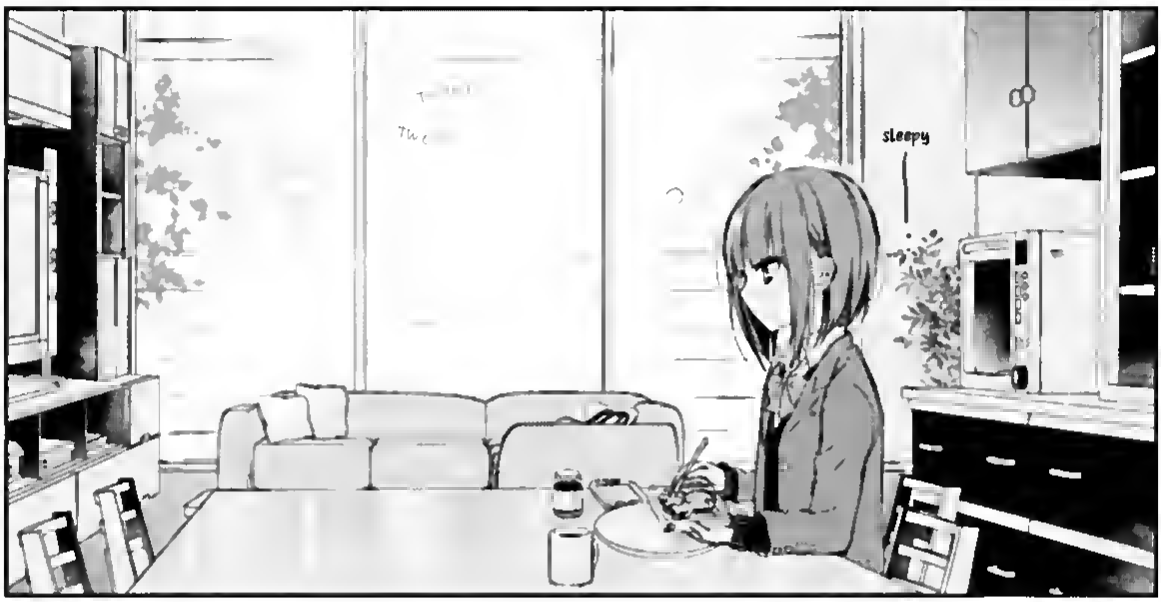
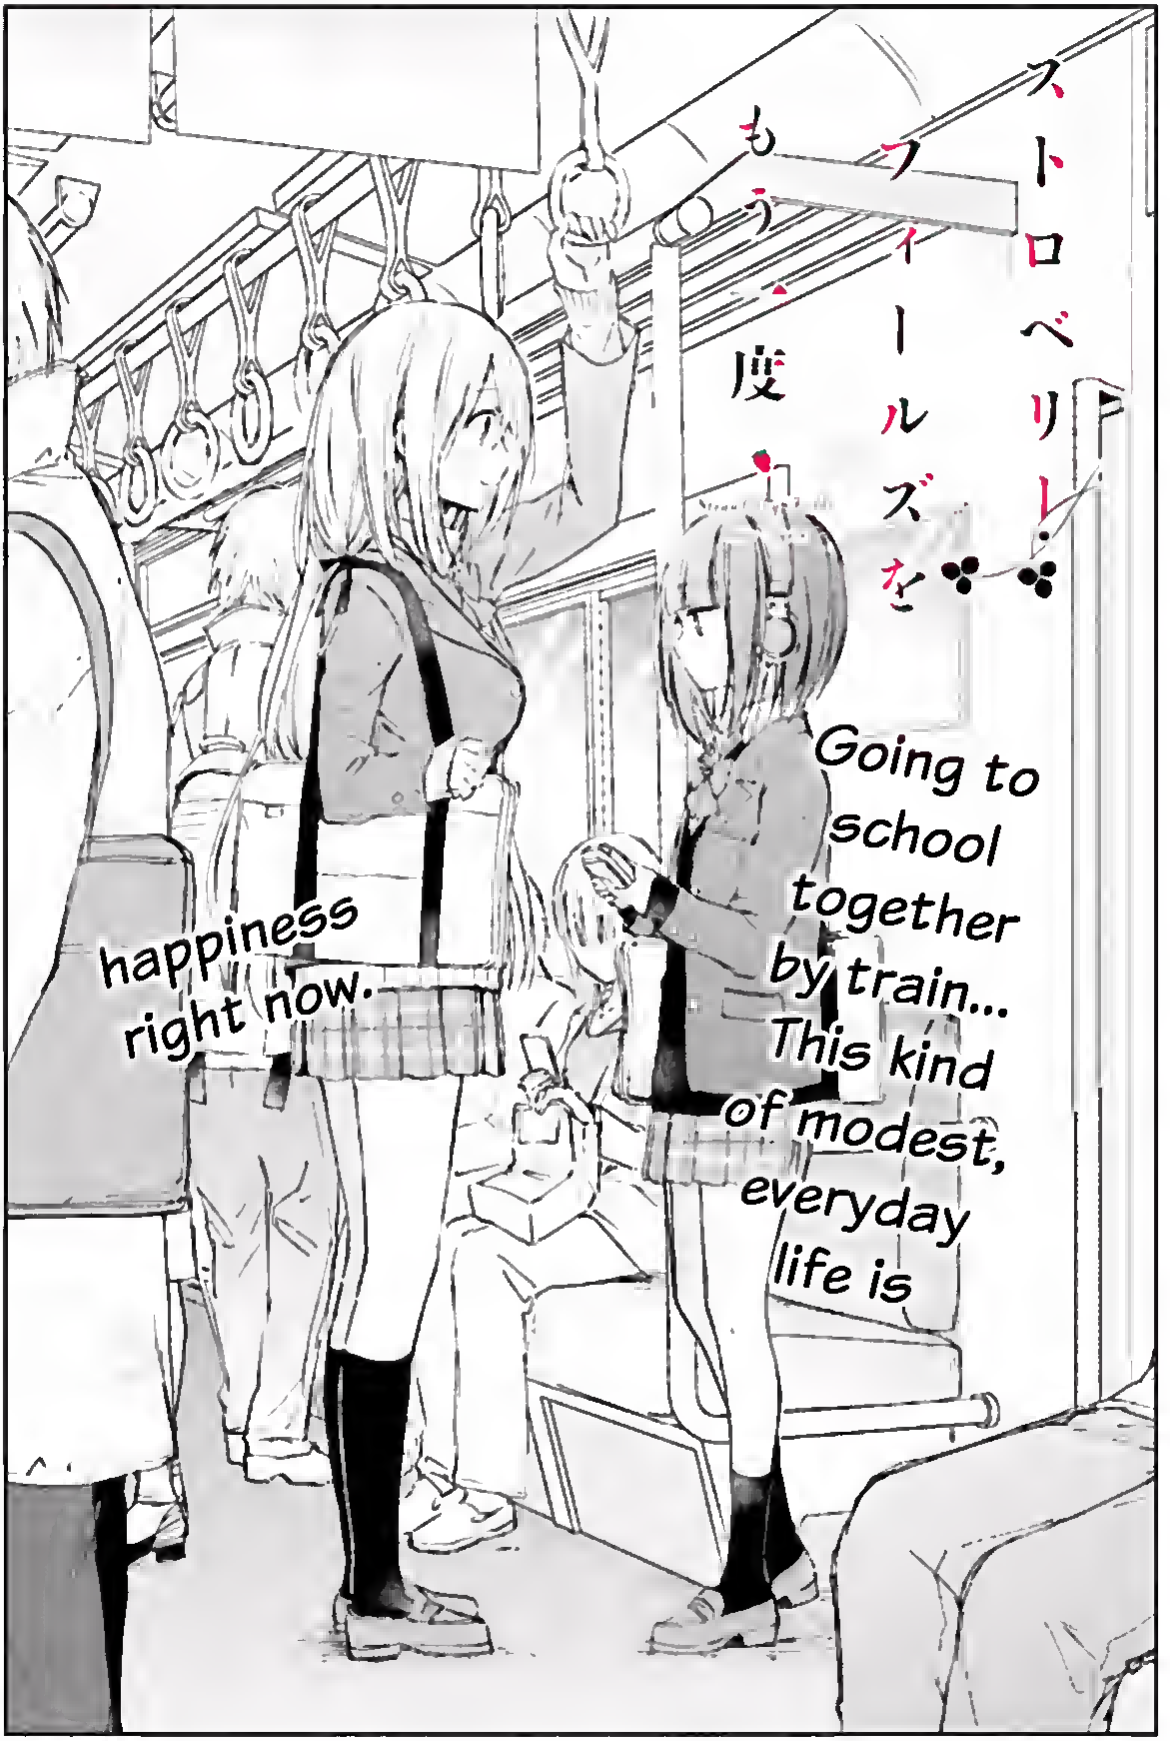
Akira isn't very lively when she wakes up, but...



Smile
Good morning,
my amore Akira-san♪

We're not a couple.
She found out where I live...
I'd been longing to go to school together as a couple♡
shine
It wasn't a dream.



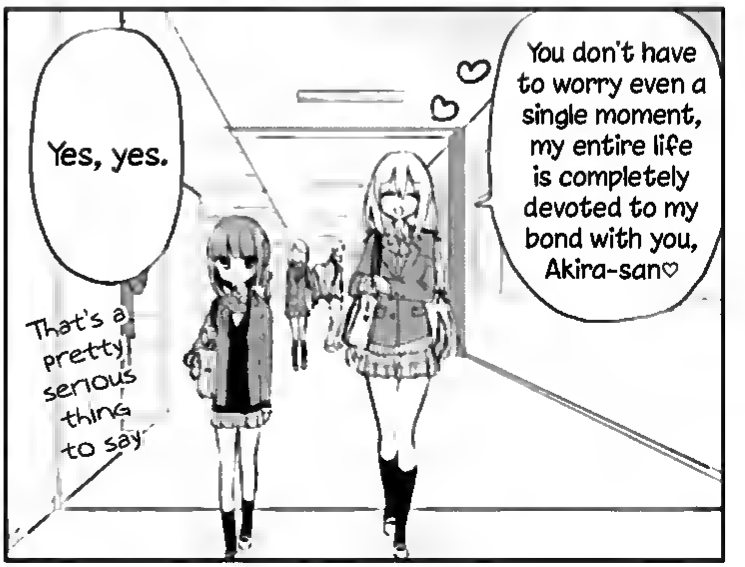
ストロベリーフィールズをもう一度
Going to school together by train... This kind of modest, everyday life is happiness right now.

creak
ding dong
Akira-san! The first hour of today...
Hawa-!?
whiiish
My previous high school was an all-girls school, so this is surprising.
I only used to receive about five letters a day, so...
That's quite a lot.
shut
There are SNS accounts and stuff written here...
This looks like something out of an old manga...
Boys nowadays are pretty hard-working, huh?

ara ara
This girl is pretty popular, after all.
Speaking of which...

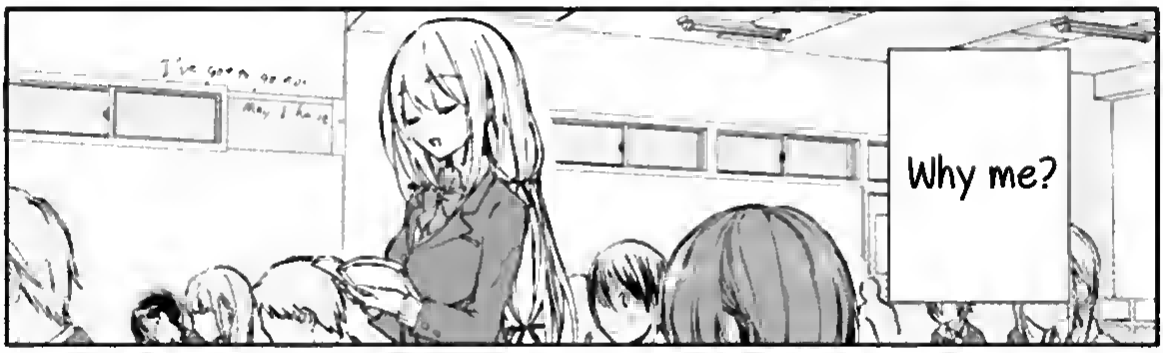
Oh?
There are some from first-year girls too...

glance
I guess she's a bit of an "unnoticed pretty-girl," going by just her appear-ance.

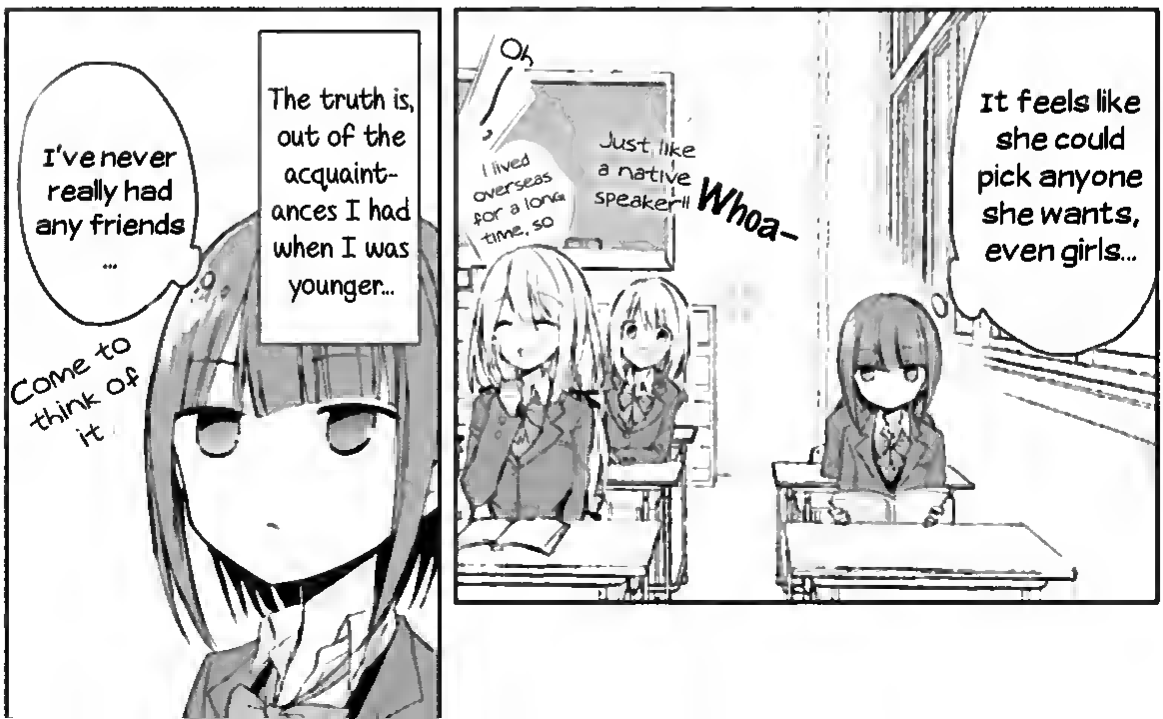


You don't have to worry even a single moment, my entire life is completely devoted to my bond with you, Akira-san♡
Yes, yes.
That's a pretty serious thing to say.

Why...
Ah, it's not a love letter, it's fan mail♡



Why me?



Oh
I lived overseas for a long time, so
Just like a native speaker!!
Whoa-
It feels like she could pick anyone she wants, even girls...
The truth is, out of the acquaint-ances I had when I was younger...
I've never really had any friends ...
Come to think of it

hohohoho
ホホホ
So you've caught on♡
Is she actually planning some-thing!?
ha-

キョリ
Akira-san, next is gym~♪
Let's go ♡
glare
The truth is, I have a favor to ask of you...
Um ...
!
startled
I-I...

I want to know
blush
Akira-san's contact details!!
You didn't know them!?
Even though you knew where I lived
I'm pretty surprised
turn
...The only thing I want is your contact details.

please♡
Won't you?
I...

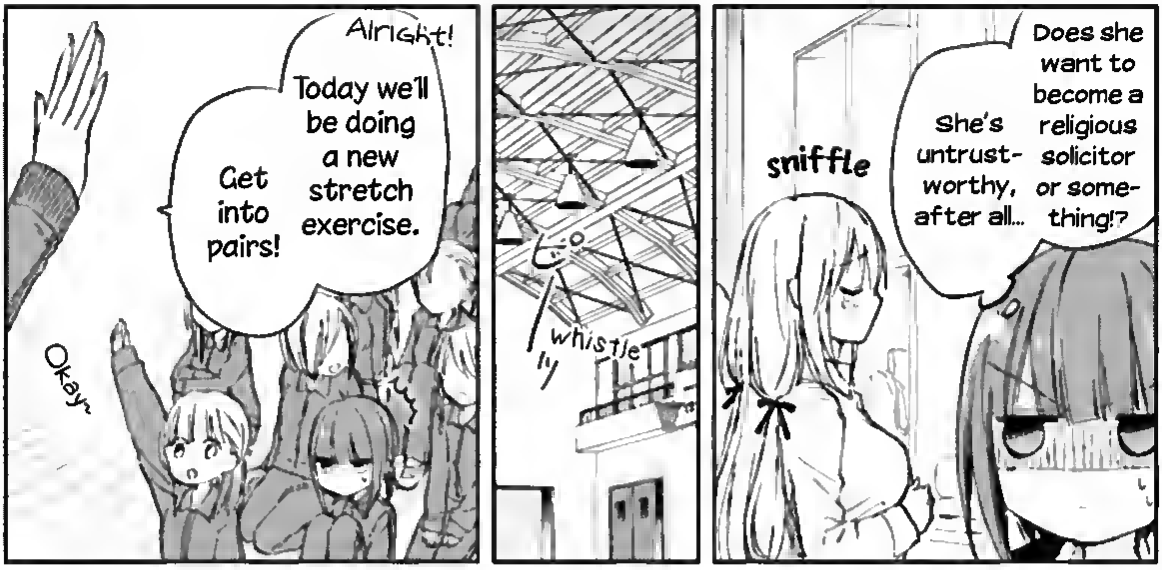
...I won't.
Eeh?!
ガーン
Shock!!



Alright!
Today we'll be doing a new stretch exercise.
Get into pairs!
Okay~
whistle
sniffle
She's untrustworthy, after all...
Does she want to become a religious solicitor or something!?

cough
I'll just pretend I'm not feeling well and watch...
Or I'll be left out again.
Akira-san!

Join up with me!
A pair!!

There's space over here~
pull
Now, now
Eh? Wai-
I already said it's fine.
Waah!
I can't lift you up
No they're not~!!
It'll work somehow~
Our physiques are too different...
Hey-

P-Please try your best!

You may be able to do it, but there's no way I can...
pant

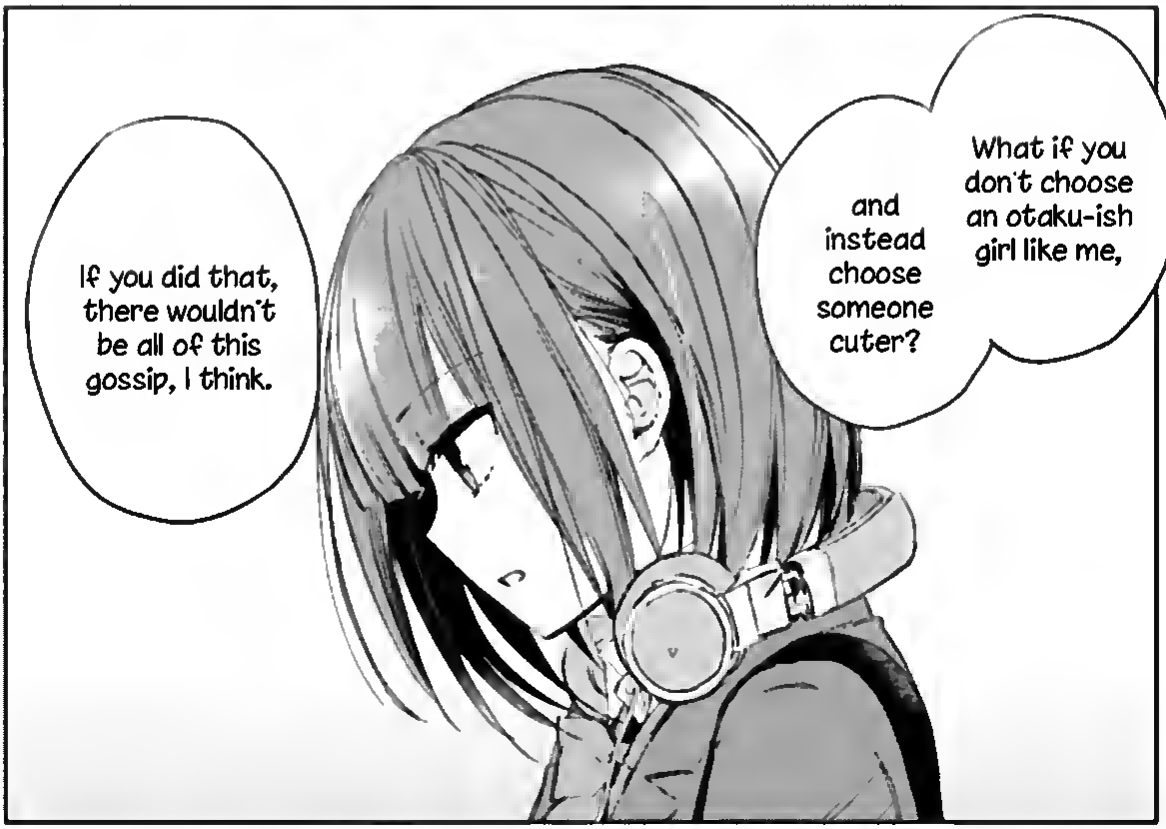
ta-da
I'm sorry about just now...
As an apology, please accept this food♡
What's with all this food she's serving?
I do indeed like it, but
The strawberry dessert that Akira-san likes is in here too♡
That's not fine! That's not a proper meal!
Melon Bread
Eh? It's fine. I have this, so...
...I'm happy that you're not avoiding me today.
Thank you very much.
smile
smile
Well, since it's straw-berry

To spend high school life like this, together with Akira-san,
it really is like a dream...
...
You're exaggerating.
And so, yesterday, Sakurasaka-san crushed her phone with her bare hands.
Ehh? What the heck!
ahaha
Go ahead, have the tamago-yaki too♡
But really, she's always sticking to Kouno-san, isn't she?
She's that cute, and yet she doesn't have a boyfriend! I think that's pretty weird.
Maybe she's one of those people that likes girls!?
But you know~ Choosing Kouno-san is a bit.
Shh!
They can hear you.

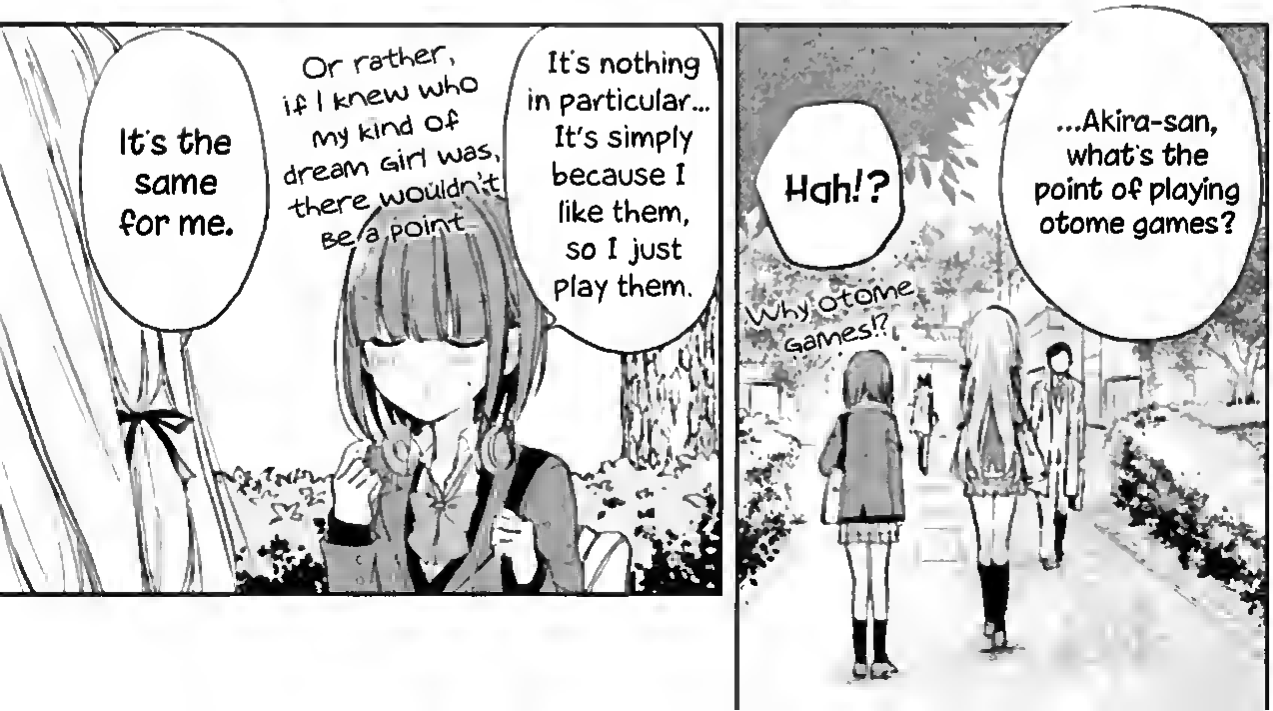
...Hey.
You do realize that you'll lose a lot by being with me, right?
Eh?
I mean that if you're together with me, your image will suffer.



What if you don't choose an otaku-ish girl like me,
and instead choose someone cuter?
If you did that, there wouldn't be all of this gossip, I think.

There are people who gossip about you ...?
I must've missed hearing about that.
menacing
ゴゴ
I-I meant gossip about you!

There aren't any benefits for you to be around me.
Why me?
You're untrustworthy, you know.
--



...Akira-san, what's the point of playing otome games?
Hah!?
Why otome games!?
It's nothing in particular... It's simply because I like them, so I just play them.
Or rather, if I knew who my kind of dream girl was, there wouldn't be a point.
It's the same for me.

I like you, Akira-san, so I want to be at your side.
Everything else about benefits or whatever, I don't need any of that.

And so...

I don't use that sort of app...
I want to Line with Akira-san~*
Uhh...
I don't mind if you mark my messages as read without reading them~
*Line: popular messaging app in Japan.

Please~
Please trust me and exchange contact details with me~
Uh.

Ehh...
Let's download it then!! It has stuff like cute stamps, you know!

Does she actually like me, I wonder.
Space out
...That girl
Ti amo♥
Hah?
I like you, Akira-san, so...
That means "I love you"♥
I will absolutely not do 'romance.'
pomf
No way. She's 3D, and she's also the same gender... It's just about impossible!

Leaving messages unread is one method ♪
There were too many and it was too annoying.
I switched off notifications
The next morning.
waaah
Akira-san~ You read my messages but never replied! You're so mean!

To be continued next time!!
